Mississippi News.

Dr. J. A. Lyon, of Aberdeen, will deliver the annual commencement sermon, at the University of Mississippi, on June the 26th.

"The Making and Ohle Pallered has Willow Ware Manufacturing Company, has led to the inauguration of of which a single house in this city buy bread. sells three thousand per annum, will once bought the string, returning it to Mayor of Friar's Point, give employment to some somy Mrs. Resulto sell again and buy "more The Friar's Point complete unfinished tasks of articles, on broom-handles and wooden buckets, and countless little articles (twenty-four hundred dollars), worth of that once was. of every day necessity, are said to be bread. enormous; and such is the perfection Up to this date this "memory string" ticed skill and steam and mechanical all objects. devices. It is said that there has not been an ax-handle made by a farmer in the past year in Shelby county. Agriculturalists find it infinitely cheaper to buy machine made wagons, felloes and spokes than to waste time and toil, in competition with and tradesmen have learned the original cost of all this wooden ware. They have seen how rich manufacturers in Western and Eastern cities have become. They have learned that all the materials used in such manufacturing establishments are infinitely cheaper here than in older States where forests have been swept away by crowded farming populations They have learned that the swamps of Arkansas, just across the river, are roofed by interminable walnut forests; that endless canebrakes are at hand; that there is a town called Hickorywythe not far away on the eastern shore; that hoop-poles and "axe helves" grow ready-made on a thousand hills in Western Tennessee. Beyond all this, such is the mildness

street cotemporary, over the signature of "Dot," advises members of the City Council to read the fable of "The dog in the manger." Certainly, all should read that excellent production.

The dog in the manger." Certainly, all should read that excellent production. should read that excellent production. But, unfortunately for some folks, after they read they are still wholly unprofited, because they cannot appropriately because they cannot be appropriately because the control of the cannot be appropriately because they cannot be appropriately because the control of the cannot be appropriately because the control of the cannot be appropriately because the control of the cannot be appropriately because the cannot be appropriately because preciate and apply the moral when it suits themselves better than other people. INSURANCE. MASONIC MUTUAL

Life Assurance Association OF MEMPHIS.

Co-operative and Purely Mutual-Charter Taxes by the Laws of the State. \$10,000 for \$10!

EXPLANATION: \$11 makes you a member of the Association—i. s. \$10 for policy, medical examination fee, and \$1 continger fee, said \$1 payable yearly, to advance, it office expenses. On the death of a member of \$2 is levied on every surviving member, which is the amount paid the widow or denesticiary of the decrease member, thirty days below arrows.

only are assessed the Ef. The policy tee of \$16, or the greater periou of \$1, is made a stanking fund to provide for the delinquencies of members; and said fund is loaned on interest, the interest accrains theirston, after defraying the expenses, coming back to the policy-holders as dividends. The advantages over ordinary hife insurance Companies are: No panie can break it; the fees are as small, and respired to be paid at such long intervals, that any and every man can secure to his family a competency upon his death. This Company is not restricted to members of the Masonic tratemity.
